This is a stunning village property in fantastic condition throughout. It offers the benefits of rural living and a quiet location whilst being within walking distance of all your daily facilities. The property has everything you could need! spacious bedrooms, formal dining area, private courtyard, plunge pool, mature gardens, garage, oil fired central heating throughout, air conditioning and much more...If you are looking for a property to move straight into and not have a thing to touch then this is the house for you. It has 3 large double bedrooms (with fitted wardrobes), 2 bathrooms (main bathroom with bath and shower, guest bathroom with shower), a good size lounge with log burner opening onto a small covered courtyard which is currently used as a light and airy office/creative room. The kitchen is a good size with a central island which also doubles as a breakfast bar. The rear gardens are mature and well laid out. Everything centers around the plunge pool which is ideal for cooling off in the summer months. The outside kitchen and covered porch are also ideal for outdoor dining and entertaining. There are several designated areas around the garden created just for enjoying the outdoor lifestyle. There is also ample storage in the garage. We recommend viewing this property
