Refurbished Villa with seaview for sale in Altea.

The villa of 349m² has been completely renovated in 2017 and has 3 residential units.

In the main area of the entrance is the living room, dining room, kitchen, a covered terrace, 2 bedrooms and 2 bathrooms. From the living room, the dining room, the kitchen and the covered terrace you can enjoy the fantastic view of the sea.

On the lower floor each of the two independent apartments has a living room with an open kitchen, a large bedroom and a bathroom.

The a/c is installed in all the house, there is a tilt-and-turn PVC window with double glazing, pre-installation for central heating and all floors and bathrooms have high quality tiles.

The plot of 1524m² has a large terrace with sun loungers and a cozy dining area, as well as an 8 x 4 infinity style swimming pool.

The house is located in a quiet residential area and due to its location on a hill offers a very nice view of the coast and the sea.
