The property is in excellent condition and has been beautifully maintained by the current owners.

On the upper level you may enter the property either through the large wrap-around glazed Naya with bi-folding glass doors, or through the kitchen door. From both sides you reach either the lounge with feature fireplace or the separate formal dining room. On the lower level you will find a fully equipped guest apartment with double bedroom, lounge/dining room, fully-fitted kitchen and a family shower room. The Apartment has also direct access to the large garage which offers enough space for two medium cars.

All bedrooms offer built-in wardrobes, mosquito nets and manual shutters. On the upper level you have underfloor heating and hot & cold air-conditioning throughout the Villa.

Outside you will find an 8x4m heated swimming pool with electric pool cover, a pool-side shower, a spacious terrace from where you may enjoy the sun until it sets, traditional style ceramic BBQ, and a bright, easy maintenance garden.
