Golf, Alicante (Costa Blanca South)

GOLF APARTMENTS. **INVESTMENT PROPERTIES FROM €49,000**

1, 2 and 3-bed apartments available on the ever-popular Las Terrazas de La Torre Golf Resort.

These apartments make for the perfect bolt-hole for the avid golfer or even a beautiful home in the sun with the larger 2 and 3 bedroom models.

All of the available apartments boast open-plan kitchens that open up to the living area, with 1, 2 or 3 bedrooms towards the rear of the property and 1 bathroom (2 bathrooms included in the 3-bed model).

You'll also find an outdoor terrace area, where you'll be able to soak up the regions 300+ days of sunshine a year, entertain and relax with family and friends, whilst enjoying the Mediterranean lifestyle.

As always with the younger residential golf resorts in the region of Murcia, these properties make for a fantastic investment as the resorts grow and become more and more established.

The resort is already well established with an affluent community from all over Europe, but predominantly British, on-site supermarket and a clubhouse.

Las Terrazas de La Torre is also just minutes away from Roldan, a thriving Spanish village in Southeast Spain, where you'll be able to find everything you'd expect.

You're also just 20 minutes away from the coast in one direction, and 20 minutes away from Murcia City Center in the other direction.

Murcia City is absolutely stunning and a prime example of a traditional, yet modern Spanish city. You'll be able to find all the expected traditional tapas bars and architecture, as well as large shopping malls, restaurants, museums, and monuments.
