Townhouses for sale in a new build complex in Torrevieja.

Newly built townhouses with 3 bedrooms with fitted wardrobes and 2 fitted bathrooms with underfloor heating and shower screen, living room with integrated modern fitted kitchen with appliances. In the front lies a terrace of approximately 40m<sup>2</sup>. At the very top lies a roof terrace. All tiles are non-slip and waterproof.

The 2 remaining corner houses (€ 269,900 and € 279,900) have a terrace alongside and have approximately 90m<sup>2</sup> of terrace.

Pre-installation A/C, solar water heater, thermostatic taps, windows in Climalit, installation of telephone and television points, security door, electric shutters.

The house will be delivered completely painted.

The complex has a communal pool.

This residential area is located near the Carrefour and the Habaneras commercial center in Torrevieja. At the end of the street is the Spanish supermarket Mercadona and a varied range of bars and eateries. The beaches, promenade and city center of Torrevieja are within 2,5 km.

Beautiful location on the famous salt lakes of Torrevieja.

According to a study of the healthiest climates on this earth, it has been found that this is Torrevieja on the Costa Blanca South.

The salt lakes have a beneficial effect on human health, so breathing this salty air seems to be particularly good. The sun shines 320 days a year and therefore it is ideal for wintering.

The pictures are from the show house!
