This fantastic house is situated in Torreguadiaro, it has total of 4 levels and is a mixture of rustic and funky modern touches you find back through the whole house. Downstairs a large garden of 90M2, space for a car and two different terraces. First level and from the hallway you have a large separate kitchen with storage and a dining area and patio. Downstairs of the garden a very good size lounge, nice and bright and a good working chimney and another dining area. Off the kitchen is the first bathroom with walk-in shower and guest toilet. Second level three bedrooms with built-in closets and the family bathroom with hydro massage bath tub. Upstairs on the top level another bedroom or lounge area. Beautiful property and ready to move in. property comes unfurnished, but kitchen and bathrooms stay as you see on the photos. Torreguadiaro is a very burgundian village and you have lots of bars, restaurants and of course the sea on only a three minute walk away from the property. This is definitely a recommendation from Sunflower Estates, we can always visit, just contact us. Here there are no community fees.
