Lovely, well maintained, villa located at the end of a cul-de-sac in the quiet Adsubia area of Javea. The villa is distributed over two floors and situated on a plot with two levels with a ramp for disabled people connecting the parking area to the lower level. There is off road parking for 2-3 cars and street parking also available, and from here there is a flat path and three steps up to the entrance porch. You enter the villa into a wide hallway and then straight into the enormous living room, originally this room was a living room with a feature Tosca fireplace and an external open naya, but now the naya has been glazed and the two rooms made into one. Through a Tosca archway off the living room you enter the dining room and then through an opening into the superb kitchen [2014] fitted with cream units, granite worktops and all appliances. Through an external door in the kitchen you will find a small private open terrace, ideal for breakfast, here you will also find the boiler/water heater room. Through a Tosca archway in the entrance hall there is a long hallway to all of the bedrooms and bathrooms, firstly you find the house shower room [2015], then two double bedrooms with built-in wardrobes and then the master bedroom, a spacious room with built-in wardrobes and a large en-suite bathroom [2010] with a walk-in shower. The separate guest apartment on the ground floor is accessed by an external staircase from the living room. This apartment consists of an entrance into a dining room, then an archway into another superb kitchen [2016] with white units, pale grey granite worktops and appliances. Through a door in the kitchen you enter a huge bathroom [2016] with a large walk-in shower. From the dining room you enter the living room which in turn leads to a large double bedroom. Situated next to the apartment is a very large area, divided into three rooms, a utility/store room, a games room and a workshop/store room, this space could be used to extend the apartment. Externally the property has a beautiful garden, with auto irrigated lawns, mature plants and palms, a luxury 10 x 5m pool and a pool shower with hot and cold water.
