Commercial property for sale in Calpe. A great opportunity to purchase a LOCAL at present used as a clothes shop in a prime location in Calpe town.

The Property has been fully reformed and is very light and inviting to clients. The owner at present runs a successful clothes shop, but the local has the opportunity to be used for any sort of business. There is a bathroom, small kitchen area, and large storage unit behind the main area of the shop. Stairs lead to the top level where there is also a small office. The local is for sale as the present owner would like to retire and if the buyer would like to continue with running of the clothes shop, the owner would be happy to help.
