This has to be one of the best renovations I've seen since arriving here back in 2001.

The beautiful period property has been lovingly and thoughtfully restored by its current owners to a simply splendid example of what a period property here should be.

The house totals approx 430m of living space and is laid out as three separate units;

1. 2 bed owners apartment of 144m on the ground floor with direct access to the rear garden and swimming pool.
2. 1 bed first floor self contained apartment of 55m
3. 4/5 bed duplex apartment over 1st and 2nd floors of approx 231m

The building is such that one could easily add an internal stair case to join 1. 2. & 3, to create a stunning family home although the way the current owners have laid it out works incredibly well to provide plenty of living space for them (144m) while providing them with an income source from the other 5/6 bedrooms.

There is plenty of off street parking as well as two garages, one of which is currently used as a home gym. Not to mention the fantastic 50m covered summer kitchen/living area which sits at the bottom of the garden and overlooks the pool.
