This Signature villa offers a unique design and original curved architecture that is a visual pleasure.

This elegant four-level luxury villa features an open space kitchen, dining and living area on the ground floor, and large spacious terraces surround the villa to enjoy life outdoors. The curved forms of the swimming pool correspond to the villa's rounded corners.

Three suites with their own private bathrooms and a nice terrace are located on the first floor and a large terrace in the solarium showcases panoramic views of the Mediterranean Sea. The garage, an office, a bathroom, a multipurpose area and a patio are located in the basement.

A spiraling staircase in perfect harmony with the curved shapes of the house connects its four levels.
