New construction apartments 300m from poniente beach of benidorm !

Tower designed as a unique building, with a marked personality and easily recognizable, while preserving all the functional, constructive and use requirements to make its spaces the desired place to live.

A balanced design of straight lines, combined with an enveloping curve, which gives it a unique slenderness and an attractive figure easy to recognize from a distance. At the same time, the interior spaces have been designed efficiently and favor the arrangement of the interior design elements chosen by their future owners.

It is a new construction development with 76 unique homes distributed over the 22 floors of an avant-garde design building on Benidorm's Poniente Beach. It consists of 1,2 and 3 bedroom homes and 2 exclusive penthouses with private solarium.
