Address: L'Ampolla, Tarragona, 43895

Refnr. Amp1059finc

Just outside L'Ampolla you will find a lovely finca of 6677 m² with a Almacen (shed), masia (farmhouse) and a little casita. The buildings need some renovation. However, this is a great opportunity to make it to your liking. The total of the buildings is 120m², so there is enough available to make something nice. Because it is a finca rustica it is not allowed to build more than the square meters that are already there. So if you are looking for a nice finca with sufficient square meters and not too expensive, this is the ideal property!

There are olive trees and some carob trees on the finca.

There is a cisterna and electricity needs to be by solar.

€ 59.500
