Address: Moraira, Alicante

This semi-detached villa is situated in Moraira, Moravít just 100 meters from the sea. You enter the property in front of the villa, next to the BBQ and pool with outdoor shower and bathroom. Here you have two completely separate apartments, ground floor has been renovated just 7 years ago and the current owner exchanged the single glass windows for PVC windows with mosquito nets and shutters. Each level has one living room, one dining room, one kitchen, 3 bedrooms and 1 bathroom. The upper floor features a small terrace at the front of the property. This property requires a little TLC, but is facing south and about 100 meters from the sea, restaurants, the hugely popular Algas bar and supermarkets. The house is very interesting for rental or a great holiday home.
